I would like to recommend Brian Huelat to you for your consideration for employment. I have known Brian for four years. Brian is punctual and rarely misses work.

In my experience of knowing Brian I have found him to be an excellent electrician. He is very capable of working on all types of electrical problems. He has built electrical control panels for press machines as well as many other types of machines.

I believe Brian would be an asset to you and is worthy of your consideration.

Sincerely,
